NOTES:

- A All witness information supplied was cross checked with information supplied by Thameslink.
- B A joint trial took 3 Minutes 35 Seconds to walk from the groundfloor entrance, up and over to the ticket office, and back down to the London Platforms 1 & 3, without even including any time to purchase a ticket.
- C The most senior Thameslink spokesperson at Luton is called Chris Hudson. He will not answer our E Mails.
chris.hudson@thameslink.co.uk
- D It is now clear why the 7/7 commuter interviewed by D Starbuck did not mention the 7.30 AM train that left at 7.38 AM. The London trains normally go from platforms 1 & 3. To a regular traveller, the train at platform 4 would have appeared to be about to set off in the opposite direction - See Sources Of Information No. 3.
